## Nameplates for Sale!

This year, as in past years, the yearbook staff has offered nameplates for purchase with the purchase of a yearbook. We will be sending forms home to those of you who have purchased these nameplates so that you can specify both the name and the icons you want on your nameplate. If this is not returned, we will simply include the student's name as it appears on RenWeb, without icons.

However, we would also like to make these nameplates available to everyone, even if you are not interested in ordering a yearbook. These classy silver nameplates can be used to label Bibles, books, or even a cell phone or laptop. Fill out the attached form or a downloaded form from [www.summiteagles.org](http://www.summiteagles.org) if you are interested in purchasing a nameplate.

Nameplates purchased with a yearbook are \$5; on their own, they are \$6. Forms and money are due on March 12th and can be turned in to the front office

**The book above, while it looks nothing like our next year's yearbook, models a nameplate engraved with the student's name, with no icons. These plates will have a glue strip on the back and can be attached to a myriad of items.**

on either campus. Nameplates will not be available after this date.

Please feel free to contact yearbook adviser, Mrs. Knighten, at [jknighten@summiteagles.org](mailto:jknighten@summiteagles.org) if you have any questions!

### Comments and Prayers from the Freshmen Impact Trip:

- "We worked together; even people who don't normally get along or like each other, worked side by side."
- "It made me sad when we first walked in the house, but as the day went on, it made me feel good to help someone get their house cleaned out."
- "I loved smashing the walls and tearing things down, and I didn't get in trouble."
- "It really got me when I saw the small toy hammer; it made me realize: this was a real family that lived in the house, and they lost everything."
- "I had fun, working hard."
- "Nobody complained at any time. No one had to ever tell anyone they needed to get back to work."
- "I was so proud of these students."
- "Thank you God for letting us go to a school that believes in kids going everywhere and doing things like this."
- "Thank you God that we got to help these people."
- "God, we ask you to fill that home with your presence, and if the people don't know you, help them to know you."
